🔍 TrustPoint Fin's SEBI-Compliant Mainboard IPO Checklist:

✅ **1. Fresh Issue > 65% in DRHP:**
Prioritize IPOs where funds go toward capex & debt reduction rather than 100% OFS exits.

⚠️ **2. Avoid Overpriced P/E (>70x) Traps:**
Ensure the IPO is priced at a 15%–25% valuation discount compared to listed sector peers.

📋 **3. SEBI-Compliant Family Applications:**
Never apply multiple bids from 1 PAN (gets rejected). Eligible adult family members can each legally apply 1 Retail Lot from their own individual Demat & own linked bank/UPI!

⚡ **4. AngelOne 24x7 Pre-Apply Advantage:**
Pre-apply 1 day before bidding opens on AngelOne to avoid last-day UPI mandate delays.
